Actually it is best not to assume anything at this point; both sides have put out a lot of misinformation :-(

Keep an eye on the council agenda which comes out the Thu. before each meeting.

Thanks Daniel, there is no such resolution before us on the agenda. Best,

I am writing to express my hope that you will vote against the resolution to be presented soon to City Council by “Mass Against HP” which seeks to punish the state of Israel by requiring Cambridge to break ties with Hewlett-Packard. I trust that I need not explain in detail why this deeply misguided resolution should be quashed, and I will simply note that the resolution represents precisely the kind of narrow targeting of Israel that the US and many European nations have voted against time and time again. A vote for this resolution is a vote for anti-Semitism, and knowing your record, I feel confident that is not a vote you will ever cast.

Sincerely,

Daniel Gilbert
